Principal: Mr Ben Erskine

June 2022

Dear Parents/Carers,

We will be teaching the Health and Relationships aspect of the National PHSE Curriculum in July for Year 6. The sessions will focus on body parts, human reproduction (including pregnancy & birth) and how relationships develop as we grow up.

These are very important sessions that help prepare the children for the curriculum they will undergo at secondary school. This helps them to understand changes in their own bodies with a safe and supportive environment whilst providing them with the opportunity to ask any questions they may have.

Some of these sessions are statutory (meaning all children must take part) including lessons on relationships, puberty and naming of body parts. The sessions based on sex and reproduction are however non-statutory and you, therefore, have the right to withdraw your child from the sessions. We feel that it is very important every child takes part, especially as we cannot control what the children discuss on the playground or out of school. This does however remain your decision as parents / carers. If you would like to discuss this decision, please do not hesitate to speak with your child's class teacher, who will be happy to answer any questions you may have.

If you would like to withdraw your child from the non - statutory sessions, please advise your child's teacher or contact the school office as soon as possible.

Thank you for your continuing support

Year 6 Team

Fulbridge Academy is part of the Four Cs MAT which is a registered company in England
VAT No: 120748238 | Company No: 07333133
