

Sports Premium 2018/19

The Fulbridge Academy Sports Premium Funding

Most schools receive the PE and Sports Premium. The Sports Premium is additional to main school funding and will be used by The Fulbridge Academy to address any underlying inequalities and 'narrow the gap' in sport for eligible pupils.

For Schools with Primary Age Pupils who are receiving the Primary Physical Education and Sports Premium

How are you planning to use the Primary Physical Education and Sports Premium to improve the quality and breadth of your PE and sport provision?

The Sports Premium will be spent by The Fulbridge Academy on making additional and sustainable improvements to the provision of PE and sport for the benefit of all pupils to encourage the development of healthy active lifestyles.

The Sports Premium is used to develop facilities and activities offered within school.

What we have developed since sports premium started.

- Soft play room for foundation phase PE
- 16 Bikes to introduce cycling proficiency within our PE curriculum on a regular basis
- Archery equipment and staff qualification, all staff are now trained to deliver high quality lessons. We have enough equipment to enable 30 children to participate at a time
- Roller skates. We have introduced skating as part of our curriculum to years 3 and 4
- A set of Ezy rollers have been purchased to add to our Year 1 and 2 curriculum
- Added to gymnastics equipment and staff CPD which has allowed us to have a clear progression through our curriculum
- Basketball level 1 qualification for all staff
- PE trips taking 30 children from each year group to a different venue including Bounce trampoline park, Activity World, bowling, ice-skating and Laser Quest
- Bike Ramps on the field.
- Minibus to help with transporting children to fixtures.

How is this improvement additional and self sustaining?

Staff will have more knowledge and confidence in delivering high quality PE.

It will provide opportunities for some who will not have even had the chance before. It also means we are able to offer a

	<p>wider range of extra-curricular clubs.</p> <p>The focus on KS1 and foundation is having a clear impact on fine and gross motor skills and social development. This is enabling pupils to access other key aspects of the core curriculum, through for example more competent handwriting.</p>
<p><i>How will you you measure the effectiveness of the provision</i></p>	<p>All staff will continue to teach high quality PE lessons which build on the fundamental skills, but also take us 'beyond outstanding' which is the vision of our school. This can be reflected through pupil progress and lesson observations focusing on teaching and learning.</p> <p>Our pupils will have more opportunity to try activities that may not otherwise be accessible to them. As a reflection of this we will have more children signing up for extra-curricular clubs. This is reflected on the growth of numbers that attend our extra curricular clubs.</p> <p>With the changes to KS1 and Reception this year we have seen an impact through our data that shows significant improvement over the last academic year.</p>

How the Sports Premium Money has been spent	
Minibus	£17,400
Bike Ramps	£1,638

Swimming	
Meeting national curriculum requirements for swimming and water safety	
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	23%
What percentage of your current Year 6 cohort use a range of strokes effectively (for example, front crawl, backstroke and breaststroke)?	54%
What percentage of your current Year 6 cohort	92%

perform safe-rescue in different water-based situations?	
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	NO
